

## Registration is live for the Annual 2018 Michelin Bash

Kickoff of the NCM on site event season – Bash traditionally marks the rollout of the next model year Corvette; the place where you can see them up close and in detail. Bash 2018 will provide enthusiasts the chance to see the new 2019 Corvette Stingray and ZR1 up close as well as the getting all the latest information on the all new ZR1 Corvette.

As in past years there will be a large contingent of GM engineers and designers from Warren Tech Center, and the Bowling Green Assembly Plant ready to answer your every question. Also back to Bash is our LT4 Engine building demonstration by BGAP Brian Lee and John Wurth.

Returning activities include a seminar and classroom sessions by GM certified Corvette Technician Paul Koerner. Enjoy guided road tours, two celebrity choice car shows, the Ladies' Oasis, and the expanded Garage Party with women of the GM Corvette Team. The ladies will cover all aspects of Corvettes including maintenance, engineering and even high- performance driving (ladies only).
